Deep-V Hull Marine Aluminium Boats

WELCOME TO THE WORLD of extraordinary boating experiences

Even when it comes to boating, to exceed the usual expectations and to challenge the current standards, you have to be determined to act as a trailblazer for innovative design solutions. At the same time, you have to be strong enough to bend according to the evolving requirements of modern boaters.

Our mission is to take you beyond conventional, time and again. We are determined to provide the very best solution for those looking for new levels of active boating enjoyment. In our opinion, all those XO owners out there deserve nothing less.

XO boats are as cool as boats can get. Combining a deep-V shape hull that is manufactured of the best military grade aluminum in the market with aesthetic design enabled by state-of-the-art fiberglass, they are always ready to take you to new adventures and captivating moments.

This is the beginning of a series of stories that are, for the others, outright unbelievable. Welcome aboard.

ULTIMATE
driving
experience

IN A CLASS OF ITS OWN

With XO, exceptional becomes a new default. Continuously challenging the status quo, we keep developing our boats and taking our customers further, to dimensions and experiences that once seemed to be out of reach. Eternally stretching our comfort zone, we are always looking for new peaks to conquer - because that's what adventurous boaters do.

When others stay in port, XO boats keep going. We enable exploring the most remote corners of the sea - ensuring that every time you head out, you return with some unforgettable stories to tell. No matter how rough the conditions - whatever your destination may be at any given time, we make sure you get there.

We are eternal trailblazers, continuously shooting for the stars. We choose the best materials and utilize them in a way that makes sense. We ensure that every detail is carefully thought of, in a way that purposefully contributes to the ultimate experience that only an XO boat can provide.

We take you to the horizon and beyond, where all things are, in a mysterious way, in perfect order. Just the way they are supposed to be. Life is good in an XO, and the best is still to come.

ULTIMATE
explorer

A NEW LOOK
at quality time

The
EXPLR series

That inexplicable feeling when the world is suddenly wide open. When you can keep going, there should be no reason to turn back, at least not yet. A few more things to do, a few more corners of the sea to explore, a few additional dreams to fulfil. Because you can. Sometimes, a boat does redefine its owner's personality by helping focus on the essential. Come to think of it, an EXPLR is not just a boat. It is a lifestyle.

STEP TO THE WILD SIDE

the new
XO EXPLR 9

XO EXPLR 9

Configure
YOUR XO

Get ready to enjoy the trailblazing, adventurous XO philosophy to the extreme. The completely renewed EXPLR 9 takes you to all new dimensions when it comes to driving comfort, multi-purpose use and design that fully pays attention to the versatile needs of modern boaters. What used to be the best in its class has managed to develop into a genuine pathfinder for adventures, able to provide an even more comprehensive range of opportunities.

MEASUREMENTS EXPLR 9		XO	
Lenght	m	8,57	
Beam	m	2,57	
Height above waterline (*with light mast)	m	2,55-2,75*	
Weight (excl. engines)	kg	2200	
Draft (with engines down)	m	0,9	
Outboard engines	hp	225-400	
Fuel tank	L	315	
Max speed range	knots	50	
Max load	pers	8	
Berths	-	2	
Dead rise at transom	°	22	
Hull	-	Aluminium	

1. Full suspension seats (co-pilot's seat is optional)
2. Exceptionally spacious cabin
3. The L-shaped sofa turns quickly into a 230 cm king-size bed
4. Roomy and well-equipped toilet
5. Convenient sitting room for 4-6 people at the stern
6. Plenty of storage space

XO EXPLR 9

Compared to its predecessors, the new EXPLR 9 is even more stable and agile to drive. Bigger size, lighter weight, more spacious interior and a bit calmer personality do not translate into any compromises when it comes to the boat's ability to perform. The pilot and co-pilot can truly make the most of an enjoyable ride in the sun by opening the roof hatch, standing up and letting the gentle summer wind blow in their faces. Life at sea just does not get any better than this.

Cabin boats rarely provide the kind of driving convenience the full suspension seats of EXPLR 9 do – the co-pilot's seat is available as an option. Speaking of convenience, the exceptionally spacious cabin is outright ideal for rest and relaxation that the extraordinary sound-proofing efficiently supports. A bed that stretches all the way to 230 cm, roomy and well-equipped toilet as well as a full-size refrigerator ensure that the crew can truly make the most of the time at sea, even during longer trips. Should the sunshine get too hot to handle, optional air-conditioning makes life in the cabin a sheer pleasure.

**DRIVEN BY
AMBITION**

XO EXPLR 10 sport

XO EXPLR 10 sport

Configure
YOUR XO

There is simply no other boat as fun to drive as this one. While the deep-V hull structure defines every XO model, it is exceptionally aggressive in the EXPLR 10. As the hull heels along with the g-forces, the boat moves naturally, taking the ultimate driving experience to yet new dimensions. Agile and responsive, especially considering its length, the EXPLR 10 performs like a genuine sports vehicle it is, setting you up with plenty of power and extreme engine efficiency. For a perfect outing at sea, all you need to do is let rip and enjoy.

MEASUREMENTS EXPLR 9 XO

Lenght	m	8,9
Beam	m	2,59
Height above waterline (*with light mast)	m	2,55-2,75*
Weight (excl. engines)	kg	2250
Draft (with engines down)	m	0,9
Outboard engines	hp	250-500
Fuel tank	L	2X225
Max speed range	knots	50
Max load	pers	10
Berths	-	2
Dead rise at transom	°	24
Hull	-	Aluminium

XO EXPLR 10 Sport

With its advanced hull that has won several tests, the XO EXPLR Sport 10 is first and foremost a driver's boat. However, that is not the entire story as the boat smoothly adapts to other purposes as well. There is plenty of robust, functional space fit for commuter use and for adventurous trips to more distant destinations. The quality is, once again, in the intelligent details, and the XO EXPLR Sport 10 has plenty of those to make any kind of ride as convenient and fun as it can possibly get.

THE NEW DIMENSION

XO EXPLR 10 Sport+

XO EXPLR 10 Sport+

Configure
YOUR XO

The best adventures are the kind which refine themselves on the go – with all that fun and opportunities to enjoy boating to the full, why should you stop and turn back just because of the dusk?

With the front cabin equipped XO EXPLR 10 sport+ you can make the most of a pleasant evening at sea and sleep comfortably on board. Come morning, you can pick up right where you left off – by continuing the voyage to new destinations and experiences. Riding the XO EXPLR 10 sport+ towards the horizon, you just know it's going to be another good day.

MEASUREMENTS EXPLR 9 XO

Lenght	m	8,9
Beam	m	2,59
Height above waterline (*with light mast)	m	2,55-2,75*
Weight (excl. engines)	kg	2350
Draft (with engines down)	m	0,9
Outboard engines	hp	250-500

Dead rise at transom	°	24
Hull	-	Aluminium

1. Room for up to 10 people to travel conveniently
2. Aluminum hull superstructure
3. Front sleeping cabin with berths for two

XO EXPLR 10 sport+

Thanks to the sporty, exceptionally deep-V hull design and ample sleeping quarters for two, the XO EXPLR 10 sport+ seamlessly combines ultimate driving enjoyment with comfortable time on board, even for extended periods of time. Make the most of spacious outdoor design by inviting a group of friends to a day cruise, then head out for a longer voyage filled with serious quality time for four. While the XO EXPLR 10 sport+ takes you even through the rough seas, sometimes the best moments are experienced at anchor.

Mile eater | with the lowest
center of balance
XO EXPLR 10 Sport IB

XO EXPLR 10 Sport IB+

Configure
YOUR XO

Smarter choices do not have to mean any compromises in other features XO boats have become famous for. Thanks to the aluminum superstructure, you can spontaneously take your XO ashore without worrying about breaking the hull, and if you suddenly feel like staying at sea overnight, there are berths for that. Convenience is, after all, part of the fun, and the EXPLR 10 Sport IP has what it takes to take even that element to the extreme; it comes with an inboard engine that adds both value and sense to the big picture.

MEASUREMENTS EXPLR 9 XO

Lenght	m	8,9
Beam	m	2,59
Height above waterline (*with light mast)	m	2,55-2,75*
Weight (excl. engines)	kg	2350
Draft (with engines down)	m	0,9

Fuel tank	L	2X225
Max speed range	knots	50
Max load	pers	10
Berths	-	2+2
Dead rise at transom	°	24
Hull	-	Aluminium

- 1. A two-berth sleeping cabin
- 2. An inboard engine

XO EXPLR 10 Sport IB

The more time you get to spend at sea, the more you may want to start paying attention to issues such as controllability and fuel consumption. XO EXPLR 10 Sport IP has all the advantages that superior design and top-quality materials provide to every one of our models. As the inboard engine takes the center of gravity all the way to the bottom, the boat heels considerably less. Along with lower running costs per nautical mile, the EXPLR 10 Sport IP provides fun and makes sense at the same time.

Seeing things IN A NEW LIGHT

Navigating steadily to destinations unknown to conventional boaters, the XO EXPLR boats empower in more ways than one. With new sights, adventures and ways to experience boating within reach, the world is suddenly open to all directions. All you have to do is make the most of it. The added value becomes tangible. From now on, everything is possible.

BORN
to roam

The
DSCVR series

The time has come to break loose. To head out somewhere far away and enjoy the view, the waters, the ride. Why not experience the utmost freedom the way you have never experienced it? Untie the ropes, turn on the engine, head towards the sun and let rip. Something special is waiting beyond the horizon, where sun shines even when it rains. All the more reason to enjoy the voyage. Extreme fun never gets out of style.

TAKING YOU FURTHER | DSCVR 9 T-Top

XO DSCVR 9 T-Top

Configure YOUR XO

Going beyond conventional requires curiosity and determination, and these virtues apply to both the developers and users of XO DSCVR T-Top. While the conventional bow riders have to settle for the calm waters close by, DSCVR 9 T-Top takes the crew even through the rough seas to new adventures and experiences. After a dive, climb, ride, surf, swim or whatever activity happens to resonate the most at that particular day, relaxing moments on the way back feel even more justified.

MEASUREMENTS DSCVR		XO
Lenght	m	8,57
Beam	m	2,57
Height above waterline (*with light mast)	m	2,55-2,75*
Weight (excl. engines)	kg	2350
Draft (with engines down)	m	0,9

Hull	-	Aluminium

1. Fully protected bow accommodates 5 persons
2. Wetbar and dinner for six or enormous sunbed, you decide

XO DSCVR 9 T-top

The ideal destination may be a bit far away or behind a couple of rougher weather fronts, but when others have to stay in port, DSCVR 9 T-Top ensures you arrive there safe and sound. Feel free to enjoy a full day of activities that, thanks to features such as the vast sunbed area at the stern and integrated bar & dining area only get better on the way back. The optional canopy helps make the conditions outright perfect - in a DSCVR 9 T-Top, even if it rains it shines!

SUN, FUN
AND A
WHOLE LOT
MORE

DSCVR 9 Open

XO DSCVR 9 Open

Configure
YOUR XO

There are many words to describe DSCVR 9 Open, but ordinary is not one of them. This boat has the rebellious soul of bow riders – however, the way it feels and performs brings out traces of professional patrol boats and even speedboats. The DSCVR 9 Open takes you places in a style that enables enjoying the adventure the best possible way. While more than fully equipped for a relaxing day in the sun thanks to luxurious deck areas, it features all kinds of options for serious fun as well. Out of all those day cruisers out there, this is truly the special one.

XO DSCVR 9 Open

The military grade deep-V aluminum hull forms the foundation for all those new dimensions of fun, both when it comes to driving to destination or relaxing in good company out in the sun after a day full of activities. The stern area turns quickly into a bbq party space for up to ten people; DSCVR 9 Open is a great example of XO's ability to use every square inch efficiently, in a multi-purpose way for the benefit of the customer.

On the sunny side OF THE SEA

XO DSCVR boats take you reliably to all new waterways and destinations, under any conditions, creating endless opportunities to enjoy the day to the full, no matter what kind of ideas you have in mind. When you have the ambition, you deserve a boat that does not shy away from any kind of challenge. XO DSCVR boats set you up with adventures that go on precisely as long and intensively as the captain sees fit.

Off to the unknown, into the next adventures - whatever they may be this time. When you're in a class of your own, there are simply no limits. No restrictions, just opportunities. Whatever your purpose for boating may be, the XO DFNDR is ready to go. It fills every role as if it was built for it. Confidence comes naturally when you know that you can keep going, even in situations when most would turn back. For true trailblazers, challenges are a way of life. We want to be the first ones to get there.

READY
for a
rough ride

The
DFNDR series

NO HOLDING
BACK | DFNDR 8

XO DFNDR 8

Configure
YOUR XO

Made of military grade aluminum and ready to take on rough seas, rocky shores and four seasons alike, the suitability of DFNDR 8 to a wide variety of purposes outright dazzles even the most demanding boaters. No surprise it has made its way to professional use and to a chase boat for luxury yachts alike – in DFNDR 8, perfect drivability meets sheer strength as the robust, safe hull structure is smoothly aligned with stylish design and smart details.

MEASUREMENTS DFNDR		XO
Lenght	m	7,76
Beam	m	2,28

Berths + Sunbeds	-	2+4
Dead rise at transom	-	23
CE CATEGORY	-	B

1. Twin Mercury V6 engines
2. Two Sunshades for aft and fore sundeck's (Optional)
3. Full size cabin with the berth for two and separate head
4. Offshore suspension seats as a standard
5. Optional Glass cabin with oversized ceiling doors
6. Optimized Deep-V hull for the best ever XO driving experience

XO DFNDR 9

The DFNDR 9 is a true pathfinder, enabling continuous exploring even in the unknown waters. Enjoy the speed or turn the aft deck and bow area into enormous sunbeds and just take it easy. The DFNDR 9 is first and foremost fun to drive but works ideally in sport fishing and professional use alike. Private head and berths for two enable comfortable overnight stay - meaning longer adventures and more quality time.

Follow the
journey

XO DFNDR Testdrive

What would be a better test drive than wait the stormy autumn day and drive through the rough Baltic Sea via its most remote outer islands from Finland to Sweden? We packed our gear and set the drones and cameras to cover the journey between the Nordic capitals Helsinki and Stockholm. With an XO you can easily cross the heavy sea comfortably over 30 knots cruising speed. Log into our webpage and follow our 800 miles journey during the four day's.

Did you know that Finland has the world's largest archipelago? Our crew visited one of those uninhabited islands to test a new joystick pilot and see how easy it is to control the boat and park it against the rocky shore. (above)

Follow the journey

For our customers, only the best is good enough. The world's leading hull design skills, combined with own production facilities, help us combine form and functionality and operate within the agreed schedule.

Designed to PERFORM

The exceptional determination and versatile capabilities of our team ensure that every XO boat is designed for the purpose of standing out and taking care of even the most demanding needs of modern boaters.

In every stage of the process, from the initial sketches to material selection and the actual production, we work without compromises, always striving for perfection. We take pride on being able to design and manufacture boats that are able to take its users to the next level of enjoyment - both when it comes to the boat's ability to perform reliably under any kind of conditions, and to the opportunities to spend versatile quality time on board.

THOROUGHLY IN A CLASS OF ITS OWN

At XO, our core is the hull. Designed into a deep-V shape, manufactured of the best aluminum in the market. Able to withstand the toughest, merciless conditions and the most wearing waters, it is the perfect base for boats that have what it takes to take you beyond the horizon.

Aluminum is rigid and durable, yet extremely light material that does not require constant maintenance. It sets you up with a carefree ride, without having to abundantly worry about scratches or hairline cracks upon taking the XO ashore by the head.

While aluminum ensures the best possible hull in the market, top-quality fiberglass makes it possible to design and produce interiors that are ideal for multi-purpose use. Enabling the best possible versatility and aesthetics, we utilize fiberglass in a way that adds value and helps make the most out of precious moments at sea.

Add the carefully thought details and industry-leading choices when it comes to accessories such as audio system, canopy, plotter, toilet and upholstery and it is no understatement to say that with every XO boat, you can be assured of getting the best materials, used the best possible way to maximize your boating enjoyment.
